Total for Bryan	130

Chicago, Nov. 8.—Republican national headquarters was the scene of a continuous love feast all day yesterday and well into the night. Returns received from the various members of the national committee all went to confirm the general result first announced, though in many instances, the over sanguine committee men were obliged to reduce their first predictions regarding the size of President McKinley's plurality. Nothing was received, however, that caused any disquietude. Vice Chairman Payne remarked: "We know he have won and won easily. Nothing can worry us now."

During the afternoon Mr. Payne issued a statement claiming 308 electoral votes for McKinley, but he seemed none too confident that this number would be the result. The 208 included the vote of Kentucky and notwithstanding the assertions of the Republicans from that state that they carried the state, there was not much confidence felt in the headquarters that Kentucky had gone Democratic. On Nebraska the feeling was positive and the assurances from Republican leaders in that state all stated that McKinley had certainly carried the state by anywhere from 3,000 to 7,000. The Republican leaders will be greatly disappointed if they fail to carry Mr. Bryan's state.

They want it no for the reason that its electoral vote is necessary to the election of President McKinley but for the comfort of having Bryan repudiated in his own state.

Complimentary telegrams poured in.

A Society Woman

Undergoes a greater strain than is generally realized, and every woman is a society woman in her own circle. The debts of society are many and must be paid or there will come social bankruptcy, and it is in the punctual payment of social debts, regardless of health or feelings, that women often lay the foundation for serious illness. The late hours and rich foods, common to society gatherings, soon or late derange the stomach; the liver, perhaps, becomes involved, and the heart flutters or palpitates.

There is no medicine for the cure of diseases of the stomach and organs of digestion which can equal Dr. Pierce's Golden Medical Discovery. It heals the stomach, purifies and enriches the blood, cleanses the clogged liver, nourishes the nerves, and gives face and form the radiant beauty of health.

"Golden Medical Discovery" contains no alcohol, and is absolutely free from opium, cocaine and other narcotics.

Mrs. L. Hedgecock, of Dorr, Collinsworth Co., Texas, writes: "I was troubled for seven or eight years with indigestion and liver complaint, and received more benefit from the use of Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' than any medicine I have ever tried."

Dr. Pierce's Pellets cure constipation.

to headquarters all day in perfect stream. Every state in the Union seemed to provide at least a score of them. Mr. Payne issued an address late in the day, declaring that the result had shown that the people of the country upheld the policy of the present administration, that the young men of the country had arrayed themselves on the side of the Republican party and offering thanks and congratulations to all whose work had aided in the success achieved by the party.

SENATORIAL COMPLEXION

The Late Election Will Make Some Change In the Upper House.

Washington, Nov. 8.—The next senate, assuming that the state legislatures will fulfill their duty and choose senators to represent their states, will stand, on the basis of the late election, 40 Republican, 27 Democrats and nine Independents with the legislatures in doubt in three states, with the privilege of electing five senators at this time. The legislatures in doubt are Delaware and Nebraska in each of which state, two senators are to be chosen, and Idaho with one senatorial chair to be filled. Among those classed in the independent column are senators Stewart of Nevada and Kyle of South Dakota, who in the last congress acted with the Republicans on all party matters; Turner of Washington, and Harris of Kansas, who acted with the Democrats, and Wellington of Maryland.

The Return to Washington.

Canton, O., Nov. 8.—President McKinley started back to Washington yesterday afternoon amid the booming of cannon and the enthusiastic well wishes of his townsmen. He drove with Mrs. McKinley to the train, where Judge Day and many other near friends were assembled to bid him adieu. A grand escort with bands and banners had been planned, but in deference to Mrs. McKinley's wishes there was an avoidance of any noisy demonstration. But from Duane's Heights, a mile away, there was the boom, boom of 21 guns firing a presidential salute, and to this was added a chorus of the city's bells and steam whistles. The presidential car was literally embowered with flowers.

ALL OVER NOW

Political Headquarters Will Be Given Over to Cobwebs.

New York, Nov. 8.—Political headquarters in this city and state are being abandoned and the campaign of 1900 is now history. Ex-Governor Stone, who has had charge of the Democratic national headquarters here is preparing to return to Missouri.

Republican leaders of national reputation who have made their headquarters here in this city for a number of weeks past are also scattering to their homes in different sections of the country. The large plurality received for McKinley in the electoral college and the certainty that the next congress will be Republican has taken the keen edge off popular interest here. Richard Croker, despite the fact that the newspapers of the city are discussing the possibilities of anti-Tammany Democratic organization, is preparing to leave for England in the near future. Gov. Roosevelt is still residing at Oyster Bay and State Chairman and Governor Odell vibrates between his home at Newberg and the now practically deserted Republican headquarters in this city.

The official returns as received are not materially changing the results and McKinley's plurality up to date remains approximately 145,000 in the state. John B. Stanchfield, the Democratic nominee for governor, ran ahead of his party's presidential electors, but Odell's plurality still remains about 100,000. Both houses of the state legislature are Republican by a large plurality, but a number of the districts are close and it may require the official count to decide in several cases. Senator Mark Hanna will be in the city tomorrow and there will be a conference of the national committee when the affairs of the campaign will be settled. It is expected that the headquarters will be closed Saturday. They were opened July 29 and the campaign has been the longest ever waged by the Republican national committee in this city.

British Comment.

London, Nov. 8.—Most of the morning papers in their comments upon the American election take the line followed by The Daily News, which says: "The swing of the pendulum has ceased in the United States, as it has here. The Republicans are as unshakable there as the Conservatives are in the United Kingdom. The elections mark the end of Bryanism and an approval of the policy of expansion. There is no reason to doubt Mr. Bryan's honesty. No man with a bad private character could face the unexampled publicity of a presidential election. He is straightforward and sincere, but he is the victim of a hopeless infatuation, and practical men felt no confidence in him. The addition of Tammany hall is not Mr. Bryan's fault, but misfortune." The Daily Telegraph observes: "America has refused to strike the stars and stripes in the Pacific. She accepts and endorses the expansionist policy, which has nothing in common with artificial aggression, but which is, on the contrary, the sign and index of her vitality and of her coming of age as a great power. She has chosen to go forward and whether the fact is welcomed or disliked, when America chooses to go forward, she must go forward."

Bryan Has Nothing to Say.

Lincoln, Neb., Nov. 8.—With the ex-

ception of a short drive in the afternoon, William J. Bryan remained in his study all yesterday, rising late in the morning and retiring early last night. He said last evening he had no statement of any kind to make at present. Mr. Bryan received hundreds of telegrams during the day and evening from personal and political friends, but their nature was not disclosed. It is Mr. Bryan's intention to remain in Lincoln, at least until he is thoroughly rested. To newspaper correspondents he said he must ask to be excused from outlining his future plans.

How Congress Will Stand.

Washington, Nov. 8.—Representative Loudenslager, who is in charge of the eastern headquarters of the Republican congressional committee, says that his returns and the press dispatches indicate that the Republicans will have 203 members in the next house of representatives, against 154 for the opposition.

Ge many Is Pleased.

Berlin, Nov. 8.—German government circles are all delighted at President McKinley's re-election. The United States embassy has received a number of expressions of that kind. Generally speaking the German public is taking much greater interest in the American election than heretofore. Everybody is discussing the results.

Will Rejoice in the Squadron.

New York, Nov. 8.—After lying off Tompkinsville nearly a week since her official trial trip, the re-built cruiser, Atlanta, sailed yesterday for South America to join the South Atlantic squadron under Rear Admiral Schley. Upon her arrival the Montgomery will be relieved and return home for repairs.

American Warships at Canton.

Hong-Kong, Nov. 8.—The United States seagoing monitor Monterey has gone to Canton. She is the largest warship ever seen there. Advice from Canton say that the reformer, Sziki Nu, has been sentenced to death in connection with the recent yamen explosion. He has been the leading man in the anti-dynastic party organized by Sun Yat Sen.

Four Killed in Street Duel.

Anderson, Tex., Nov. 8.—In a street duel yesterday growing out of county politics, John Bradley and Deputy Sheriff William H. Elliott were killed and John Bradley, Jr., and Sheriff Garrett Scott were fatally wounded. It is feared further trouble will ensue as much excitement prevails among the friends of both sides.

May Enforce the Demand.

Tangier, Nov. 8.—The United States consul general (Samuel R. Gunner) is understood to have made further strong representations to the government officials urging the immediate payment of the American claims. It is also again reported that an American cruiser is to be sent to enforce the demand.

The Deadly Grade Crossing.

Joliet, Ill., Nov. 8.—A passenger train on the Rock Island railroad ran down a wagon and fatally injured three occupants and slightly injured two others near New Lenox last evening.

Many Were Drowned.

London, Nov. 8.—A heavy gale swept over Great Britain yesterday. There were several wrecks along the coast and many persons were drowned.

LAURIER INDORSED

Canadian Elections Sustain the Government By Good Majorities.

A POLITICAL REVERSE

Sir Charles Tupper Encounters the First Defeat of His Long and Active Career.

The Reverse of the Venerable Conservative Leader a Surprising Feature.

Ottawa, Ont., Nov. 8.—The result of yesterday's election shows that the government has been sustained by a majority of from 50 to 60 members.

The elections were in 208 out of 213 constituencies of the dominion, and the remaining five will hold their elections at later dates. This of course makes it entirely possible that when the elections are completed and when the later returns are in the apparent majority will be reduced somewhat.

The maritime provinces apparently have supported the Laurier government more pronouncedly than before. In Nova Scotia the four mining counties of Cape Breton Island send a solid contingent of five Liberals to Ottawa. Among the defeated Conservative candidates there is Sir Charles Tupper, Bart., who encountered his first political reverse of 40 years' unbroken public life.

Sir Charles Tupper arrived from Sydney yesterday and voted in Halifax. The defeat of the venerable Conservative leader is one of the surprises of the election.

Canadian Elections.

Ottawa, Ont., Nov. 8.—Election returns from the maritime provinces show that the government is making large gains.

KENTUCKY TRAGEDIES

Election Week Brings a Bloody Score in the Blue Grass State.

Louisville, Nov. 8.—At Versailles George Woodruff, town marshal of Midway, Ky., shot and killed Alfred Stanhope, an internal revenue storekeeper, and probably fatally shot Thomas Etherington, a by-stander. The tragedy was the outcome of a quarrel a week ago between the 10-year-old sons of Woodruff and Stanhope, the fathers taking up the quarrel.

In Harlan county John Day shot and killed Henry Osborn after a brief quarrel.

At Middleboro Grant Raines, colored, and J. Griffith, white, quarrelled over crops and opened fire simultaneously. Raines was shot through the heart but lived long enough to give Griffith his death wound.

At Buckeye, in Garrard county, Edgar Brown, aged 18, and Luther Ray, aged 16 were drinking and arguing politics, Ray being a Democrat and Brown a Republican. The result was a quarrel during which Brown was shot and instantly killed. The boys were sons of well-to-do farmers.

Robert Munsey, a farmer of near Burnside county, died there from the effects of a double charge of shot, believed by some to have been fired into his head by mistake, though others take the killing the outgrowth of politics which was at fever heat around Burnside.

By Way of Counterpoise.

St. Petersburg, Nov. 8.—The Novoe Vremya before the re-election of Mr. McKinley was known at the Russian capital, announced with official sanction that an understanding had been reached between Russia, France and the United States and Japan by way of counterpoise to the Anglo-German agreement, adding that results will be specifically apparent if President McKinley is re-elected.

Boxer Chiefs Shot.

Taku, Nov. 8.—A British column under Gen. Richardson left Pao Ting Fu Oct. 25, marching in the direction of Pekin. At Tung My Ing the troops tried three Boxer chiefs, destroyers of a chapel and killers of native Christians. The British shot the chiefs.

HUNTED IN VAIN

How a Ticket Broker May Cause a Traveler Trouble.

Indianapolis, Nov. 8.—George K. Powell, a well known ticket broker at 44 Jackson Place, was arrested yesterday by detectives on the charge of obtaining money under false pretenses. Adolph I. Rudolph of Brooklyn, N. Y., is the complaining witness. He paid his fare back to Indianapolis from Toledo, O., to prosecute Powell. Rudolph says he went to Powell's office last Monday and purchased, what he thought was transportation to New York. He paid \$3.50 to Powell, he said, and received a ticket to Toledo, O., and a paper that purported to be an order on a Toledo broker for a ticket for the balance of the distance to New York. Powell told Rudolph was Seamus, and that his office was at 1212 Summit street. Rudolph went to Toledo and hunted in vain for a broker by the name of Seamus.

Killed in the Yards.

Indianapolis, Nov. 8.—Thomas Baston, a section hand, employed on the Vandallia railroad, was run over and instantly killed by an incoming train at the yards west of the city yesterday afternoon. He was in the act of taking a drink of water, and stood near the track when the train struck him. He was knocked in front of a switch engine which was running on another track. His skull was crushed near the base of the brain, and his body was mutilated in a terrible manner.

Would Vote If It Killed Him.

South Bend, Ind., Nov. 8.—Orlando H. Wheelock, a retired business man and an ardent prohibitionist, who has long been suffering with heart disease was warned not to try to vote owing to his condition. He declared he would vote the prohibition ticket if it killed him. He died yesterday age 63.

Death Unaccounted For.

Salem, Ind., Nov. 8.—James Davis, aged 30 and married, was found dead in a rear room adjoining a saloon and billiard room. He was seen earlier in the day in an intoxicated condition.

Mr. Baldwin has arrived here to confer with Prof. Brewer relative to the expedition, which may be largely required here. Prof. Brewer had charge of the expedition to Alaska of the New York millionaire, Harriman a year ago, and is therefore especially equipped to direct Mr. Baldwin's party.

To Mothers of Large Families.

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life.

Mrs. Pinkham makes a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid.

To women, young or old, rich or poor, Mrs. Pinkham, of Lynn, Mass., extends her invitation of free advice. Oh, women! do not let your lives be sacrificed when a word from Mrs. Pinkham, at the first approach of

A PORTO RICAN INDEX

Significant Exhibition In Connection With Islanders' First Ballot.

San Juan, Porto Rico, Nov. 8.—Gov. Allen, in a cablegram of congratulation to President McKinley, makes the following comment on the result of the elections here:

"I am gratified and delighted. The outcome in Porto Rico is a guarantee of the island's future. They bring people who had long been under difficult rule and conditions to their first general election, to have the election pass off as quietly and orderly as in any state of the north conducted by the people without hindrance or without a soldier or an armed force of any sort, and to have nearly 60,000 men march to the polls to deposit their first ballots for self-government in such a manner, are good reasons for congratulations, not only to the people of the island but to the painstaking members of the administration who had worked diligently and patiently to this end."

More Miners' Troubles.

Wilkesbarre, Pa., Nov. 8.—Five hundred miners at the Hollenbeck mine of the Lehigh and Wilkesbarre Coal company went out on strike yesterday because they allege they were docked excessively. The mills are to be kept open.

Now really, who will pin faith to the Indianapolis Sentinel predictions in the future?

INDIANA is now as reliably republican as Ohio. The young men have made it so.

THE supply of democratic roosters exceeds the demand and may be a drag on the market.

THE Sentinel contains a signed editorial by Editor Morris, in which he gives a lecture to the democratic leaders.

MCKINLEY is elected and the republic still stands. Who said that we would have an empire if Bryan was defeated?

THOSE who have voted for McKinley will always be proud that they voted for the man who was standing by the boys who are standing by the flag.

JAMES F. STUTESMAN, of Peru, has announced that he will be a candidate for speaker of the house of representatives. He is quite popular throughout the state.

BRYAN went to Indianapolis to get the official news of his nomination by the Kansas City convention, but he has been able to get the election returns at Lincoln.

GOVERNOR MOUNT has made one of the best governors Indiana has ever had and the splendid record he has made will be maintained by his successor, Colonel Durbin.

FELIX T. MCWHIRTER, the leading prohibitionist of Indianapolis, predicted a Bryan landslide. The prohibitionists seem to have done their best to bring about that result, but their efforts failed.

THE Courier-Journal takes defeat philosophically and admits that it is not surprised at the result. The Courier-Journal never did believe in Bryanism, nor has it believed in the men who have been in official charge of the democratic party. It advises a reconstruction of the democratic party along old lines and the relegation of the Bryan shouters to the rear of the column.

THE Seymour McKinley Club did a good work during the campaign and contributed much to the campaign work. L. W. Bartlett, president, and J. E. McKinley, secretary, who had charge of headquarters were untiring in their efforts for republican success from first until last, and they were given valuable aid by other officers, the standing committees and the membership of the club.

THE returns from Jackson county show that the republicans have held their own against great odds. No more sincere and earnest republicans live than Jackson county republicans. They believe in the principles of the republican party and are always ready to contend earnestly for those principles. They have been contending against a heavy democratic majority for years but have never lost courage. All hail to the republicans of Jackson county.

THE return of Kansas to the republican party has an interest for the entire United States. Kansas was one of the first states to be swept off its moral base by the populist flood. The Farmers' Alliance, which was the nucleus around which the populist party was built, had Kansas for its radiating center. William A. Peffer, who succeeded John J. Ingalls in the senate in 1891, was, with James H. Kyle, of South Dakota, the first of the populists to reach that body, although at the time of their election they were simply Farmers' Alliance men. Both are in the republican party now.—Globe-Democrat.

CANVASSING THE VOTE.

Jackson County Vote Being Tabulated Today.

In accordance with the law the inspectors met at Brownstown today to canvass the vote of Jackson county. A number of others are there to witness the count.

As we go to press only the vote on the national and state tickets had been canvassed. The total vote cast for president was 6634, divided as follows:

Bryan 3839
McKinley 2795

The vote for governor was:
Kern 3747
Durbin 2739
Kern's majority, 1006.

There were 72 prohibition votes cast in the county.

Echoes From Our Neighbors.

T. H. Everett, republican, was elected sheriff of Scott county, overcoming a democratic majority of about 400.

The entire democratic county ticket was elected in Jennings. Judge Willard New was reelected circuit judge.

The democrats elected their county ticket in Bartholomew with the probable exception of treasurer and one commissioner.

Washington county went democratic by about 400, the usual democratic majority.

Brown county rolled up a democratic majority of about 700.

Griffith carried Switzerland, his home county, by about fifty majority. He carried it by about 200 two years ago.

A Brilliant Jollification.

Ed. McDonald's spacious home was the scene of an elaborate and enthusiastic republican jollification last night. His residence was beautifully and artistically decorated for the occasion a large number of friends were present to ratify with Mr. McDonald the splendid republican victory. Mr. McDonald had purchased all the fire works in town and for an hour or two there was as beautiful a display of fire works about Mr. McDonald's home as was ever seen in Seymour.

J. H. Shea and T. M. Honan went to Brownstown today.

W. S. Johnson is here from near Vernon on business today.

E. H. Rogers, the oil man of Greensburg, gave the REPUBLICAN a business call today.

Misses Mary and Theresa Abbott are at home after a visit of several weeks with relatives in Kentucky.

THE FATAL FLAMES

Indianapolis Woman Meets Death In Its Most Terrible Guise.

BURNED WHILE ALONE

While Engaged In a Labor of Love Mrs. Charles Bronson Is Over-taken By Devouring Flames.

She Was Boiling Oil For the Floor of Her Church When Accident Occurred.

Indianapolis, Nov. 8.—Mrs. Charles Bronson, living at Woodruff Place, was burned to death in her home yesterday afternoon shortly after 4 o'clock. Her body was terribly burned, and so deeply that it was with difficulty the charred remains were put on a stretcher without tearing the flesh from the bones.

The house was discovered on fire and an alarm sent in. When the firemen succeeded in distinguishing the blaze and clearing the room somewhat of the smoke the body of Mrs. Bronson was found under the sink, and by her side was a vessel in which she had been boiling linseed oil.

Mrs. Bronson was a member of the Woodruff Place church, which burned several months ago, and was an active worker in getting the new church, now almost completed, under way. Members of the church took it upon themselves to do much of the work and Mrs. Bronson volunteered to boil the oil which was to be used on the hardwood floors. It was while engaged in this work that she met her death.

MYSTERY EXPLAINED

The Brotherhood Not Satisfied and the Offender Expelled.

Laporte, Ind., Nov. 8.—Twelve months ago J. C. Fredrickson of Chesterton mysteriously disappeared under circumstances indicating foul play. The Danish Brotherhood made every effort to trace him, without avail. Mrs. Fredrickson, the widow, then removed to Chicago, where she made application for the insurance on her husband's life, but the brotherhood declined to pay, because there was no proof of death. Recently Mr. Fredrickson arrived in Chicago, and he explained that after leaving Chesterton, and while in a Laporte saloon, he took a drink and lost consciousness, and when he recovered his reason he was a patient under treatment in an insane hospital at New Orleans. The brotherhood declined to accept the story, and has expelled him.

The Murderer Is At Large.

Scottsburg, Ind., Nov. 8.—William Green Richey, who was shot by Jacob Dizarn, died yesterday at his home near Leota. It is supposed that the murdered has fled to Kentucky, his former home. He is reported as a dangerous man when aroused, and it is said that Richey is his fourth victim. The shooting sprang from an attempt of Dizarn to influence Richey to bet on the election. Richey's refusal angered Dizarn, and the shooting followed. There is much feeling among the people because of Richey's death and another tragedy may be enacted if Dizarn is captured.

Three One-Armed Men Involved.

Lawrenceburg, Ind., Nov. 8.—While attending a firemen's ball there was a dispute between George Ringlow and Marshall Fox of Greendale, both one-armed men, and they adjourned to the open to fight it out. Ringlow was worsted. Before it ended, however, Patrolman Rief of the Lawrenceburg police, also one-armed, heard of the scrimmage, and he compelled Ringlow to go home.

A Stricken Family.

Charlottesville, Ind., Nov. 8.—Mrs. Lauretta Meek, wife of Postmaster R. M. Meek, who died at Philadelphia, this county, was the third member of the family to die of typhoid fever in the past six weeks. The first was Irvin, 19 years old; next was Iva, 21 years old; then the mother, 50 years old. The analysis of the water in the well revealed an impure supply.

A Councilman Indicted.

Indianapolis, Nov. 8.—Three indictments against John M. Higgins, Democratic councilman from the Fifteenth ward, were returned by the Marion county grand jury yesterday. He is specifically charged with soliciting one bribe of \$1,000, one bribe of \$400, and one bribe of \$100, to influence legislation.

Tragedy at Cannellton.

Cannellton, Ind., Nov. 8.—City Marshal Joe Fishback attempted to arrest Adolph Gaudine, on a warrant for some ordinary offense, and Gaudine resisted with his revolver; shooting Fishback twice in the abdomen, and causing injuries almost certain to terminate fatally. Gaudine was arrested and committed to jail.

The Deadly Stiletto.

Logansport, Ind., Nov. 8.—Luigi Pazzoni, an Italian quarryman, became involved in a political dispute with another Italian known as "Jumbo" and he is now in the hospital with a frightful stab in the side, inflicted by a stiletto.

Charles Golay Suicides.

The body of Charles Golay, an in-
surance agent, formerly of Vevay,
Indiana, was found in the canal near
the Walnut street bridge, yesterday
morning, by canal boatmen. From
the condition of the body it is thought
to have been in the water a week. At
first the coroner could not ascertain
the identity of the man, but yesterday
afternoon his wife called at the
Morgue. She says they came to Cin-
cinnati several weeks ago, her hus-
band being out of work, and were
stopping with relatives at 1722 Queen
City avenue. Golay had been missing
a week, and his wife thinks he com-
mitted suicide because he could not get
employment. He was fifty-two years
old.—Cincinnati Tribune.

A number of the older residents of
Seymour will remember Mr. Golay,
who was in partnership with Samuel
Holmes in the insurance business here
over twenty years ago. They had an
office over the storeroom now occupied
by Hancock Bros.

THURSDAY, NOVEMBER 8, 1900.

The mills are to be kept open.

Now really, who will pinfaith to the Indianapolis Sentinel predictions in the future?

INDIANA is now as reliably republican as Ohio. The young men have made it so.

The supply of democratic roosters exceeds the demand and may be a drug on the market.

The Sentinel contains a signed editorial by Editor Morss, in which he gives a lecture to the democratic leaders.

MCKINLEY is elected and the republic still stands. Who said that we would have an empire if Bryan was defeated?

THOSE who have voted for McKinley will always be proud that they voted for the man who was standing by the boys who are standing by the flag.

JAMES F. STUTESMAN, of Peru, has announced that he will be a candidate for speaker of the house of representatives. He is quite popular throughout the state.

BRYAN went to Indianapolis to get the official news of his nomination by the Kansas City convention, but he has been able to get the election returns at Lincoln.

GOVERNOR MOUNT has made one of the best governors Indiana has ever had and the splendid record he has made will be maintained by his successor, Colonel Durbin.

FELIX T. MCWHIRTER, the leading prohibitionist of Indianapolis, predicted a Bryan landslide. The prohibitionists seem to have done their best to bring about that result, but their efforts failed.

THE Courier-Journal takes defeat philosophically and admits that it is not surprised at the result. The Courier-Journal never did believe in Bryanism, nor has it believed in the men who have been in official charge of the democratic party. It advises a reconstruction of the democratic party along old lines and the relegation of the Bryan shouters to the rear of the column.

THE Seymour McKinley Club did a good work during the campaign and contributed much to the campaign work. L. W. Bartlett, president, and J. E. McKinley, secretary, who had charge of headquarters were untiring in their efforts for republican success from first until last, and they were given valuable aid by other officers, the standing committees and the membership of the club.

THE returns from Jackson county show that the republicans have held their own against great odds. No more sincere and earnest republicans live than Jackson county republicans. They believe in the principles of the republican party and are always ready to contend earnestly for those principles. They have been contending against a heavy democratic majority for years but have never lost courage. All hail to the republicans of Jackson county.

THE return of Kansas to the republican party has an interest for the entire United States. Kansas was one of the first states to be swept off its moral base by the populist flood. The Farmers' Alliance, which was the nucleus around which the populist party was built, had Kansas for its radiating center. William A. Peffer, who succeeded John J. Ingalls in the senate in 1891, was, with James H. Kyle, of South Dakota, the first of the populists to reach that body, although at the time of their election they were simply Farmers' Alliance men. Both are in the republican party now.—Globe-Democrat.

Jackson County Vote Being Tabulated Today.

In accordance with the law the inspectors met at Brownstown today to canvass the vote of Jackson county. A number of others are there to witness the count.

As we go to press only the vote on the national and state tickets had been canvassed. The total vote cast for president was 6634, divided as follows:

Bryan 3839
McKinley 2795
Bryan's majority, 1,044.
The vote for governor was:
Kern 3747
Durbin 2739
Kern's majority, 1006.

There were 72 prohibition votes cast in the county.

Echoes From Our Neighbors.

T. H. Everett, republican, was elected sheriff of Scott county, overcoming a democratic majority of about 400.

The entire democratic county ticket was elected in Jennings. Judge Willard New was reelected circuit judge.

The democrats elected their county ticket in Bartholomew with the probable exception of treasurer and one commissioner.

Washington county went democratic by about 400, the usual democratic majority.

Brown county rolled up a democratic majority of about 700.

Griffith carried Switzerland, his home county, by about fifty majority. He carried it by about 200 two years ago.

A Brilliant Jollification.

Ed. McDonald's spacious home was the scene of an elaborate and enthusiastic republican jollification last night. His residence was beautifully and artistically decorated for the occasion a large number of friends were present to ratify with Mr. McDonald the splendid republican victory. Mr. McDonald had purchased all the fire works in town and for an hour or two there was as beautiful a display of fire works about Mr. McDonald's home as was ever seen in Seymour.

J. H. Shea and T. M. Honan went to Brownstown today.

W. S. Johnson is here from near Vernon on business today.

E. H. Rogers, the oil man of Greensburg, gave the REPUBLICAN a business call today.

Misses Mary and Theresa Abbott are at home after a visit of several weeks with relatives in Kentucky.

William Dunker, of Waymansville, came in today and gave the REPUBLICAN office a social call.

R. W. Carney and wife, of Ripley county, came down and gave the REPUBLICAN office a business call today.

Indianapolis Woman Meets Death In Its Most Terrible Guise.

BURNED WHILE ALONE

While Engaged In a Labor of Love Mrs. Charles Bronson Is Over-taken By Devouring Flames.

She Was Boiling Oil For the Floor of Her Church When Accident Occurred.

Indianapolis, Nov. 8.—Mrs. Charles Bronson, living at Woodruff Place, was burned to death in her home yesterday afternoon shortly after 4 o'clock. Her body was terribly burned, and so deeply that it was with difficulty the charred remains were put on a stretcher without tearing the flesh from the bones.

The house was discovered on fire and an alarm sent in. When the firemen succeeded in distinguishing the blaze and clearing the room somewhat of the smoke the body of Mrs. Bronson was found under the sink, and by her side was a vessel in which she had been boiling linseed oil.

Mrs. Bronson was a member of the Woodruff Place church, which burned several months ago, and was an active worker in getting the new church, now almost completed, under way. Members of the church took it upon themselves to do much of the work and Mrs. Bronson volunteered to boil the oil which was to be used on the hardwood floors. It was while engaged in this work that she met her death.

MYSTERY EXPLAINED

The Brotherhood Not Satisfied and the Offender Expelled.

Laporte, Ind., Nov. 8.—Twelve months ago J. C. Fredrickson of Chesterton mysteriously disappeared under circumstances indicating foul play. The Danish Brotherhood made every effort to trace him, without avail. Mrs. Fredrickson, the widow, then removed to Chicago, where she made application for the insurance on her husband's life, but the brotherhood declined to pay, because there was no proof of death. Recently Mr. Fredrickson arrived in Chicago, and he explained that after leaving Chesterton, and while in a Laporte saloon, he took a drink and lost consciousness, and when he recovered his reason he was a patient under treatment in an insane hospital at New Orleans. The brotherhood declined to accept the story, and has expelled him.

The Murderer Is At Large.

Scottsboro, Ind., Nov. 8.—William Green Richey, who was shot by J. B. Dismar, died yesterday at his home near Leota. It is supposed that the murdered has fled to Kentucky, his former home. He is reported as a dangerous man when aroused, and it is said that Richey is his fourth victim. The shooting sprang from an attempt of Dismar to influence Richey to bet on the election. Richey's refusal angered Dismar, and the shooting followed. There is much feeling among the people because of Richey's death and another tragedy may be enacted if Dismar is captured.

Three One-Armed Men Involved.

Lawrenceburg, Ind., Nov. 8.—While attending a brethren's hall there was a dispute between George Ringlow and Marshall Fox of Greendale, both one-armed men, and they adjourned to the open to fight it out. Ringlow was worsted. Before it ended, however, Patrolman Rief of the Lawrenceburg police, also one-armed, heard of the scrimmage, and he compelled Ringlow to go home.

A Stricken Family.

Charlottesville, Ind., Nov. 8.—Mrs. Lauretta Meek, wife of Postmaster R. M. Meek, who died at Philadelphia, this county, was the third member of the family to die of typhoid fever in the past six weeks. The first was Irvin, 19 years old; next was Iva, 21 years old; then the mother, 50 years old. The analysis of the water in the well revealed an impure supply.

A Councilman Indicted.

Indianapolis, Nov. 8.—Three indictments against John M. Higgins, Democratic councilman from the Fifteenth ward, were returned by the Marion county grand jury yesterday. He is specifically charged with soliciting one bribe of \$1,000, one bribe of \$400, and one bribe of \$100, to influence legislation.

Tragedy at Canneton.

Cannelton, Ind., Nov. 8.—City Marshal Joe Fishback attempted to arrest Adolph Gaudine, on a warrant for some ordinary offense, and Gaudine resisted with his revolver; shooting Fishback twice in the abdomen, and causing injuries almost certain to terminate fatally. Gaudine was arrested and committed to jail.

The Deadly Stiletto.

Logansport, Ind., Nov. 8.—Luigi Pazzoni, an Italian quarryman, became involved in a political dispute with another Italian known as "Jumbo" and he is now in the hospital with a frightful stab in the side, inflicted by a stiletto.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form to make you satisfied there is nothing serious the matter with you. Get Green's Price Almanac. W. F. Peters, druggist.

It Makes Restful Sleep.

Sleeplessness almost invariably accompanies constipation and its manifold attendant evils—nervous disorders, indigestion, headache, loss of appetite, etc. To attempt to induce sleep by opiates is a serious mistake, for the brain is only benumbed and the body suffers. It's from a citizen, perhaps a neighbor.

To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by C. W. Milhous.

A Village Blacksmith Saved his Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan county, N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. W. Milhous.
